

OSHA Industrial Safety markers are available as signs or as computer cut, vinyl decals for interior or exterior applications. The signs come in two weights, can be reflective or non-reflective and can be provided with holes, if desired.

Custom OSHA signage allows you to be in compliance and be specific and appropriate in any given situation. The graphics can either be screen printed or computer cut vinyl.				
Available in two standard sizes: 7" x 10" and 10" x 14"				
				
Danger: used to indicate that an immediate hazard exists which could cause death or serious injury	Warning: used to indicate that an immediate hazard exists that has some probability of causing death or serious injury	Think: used to bring attention to company safety rules to prevent accidents from occurring	Notice: used to indicate general safety rules. Notice should not be used in place of Danger, Warning or Caution	Caution: used to indicate that a potentially hazardous situation exists that could cause minor or moderate injury

WHAT WE NEED TO KNOW

So that we can expedite your quote or order, please provide the following information:

- o Quantity of identical signs or decals
- o Sign or decal dimensions (width x height)
- o Number and location of holes, if desired
- o Substrate information (reflective or non-reflective, metal weight)
- o Header and text
